**Civil Engineer** - entry role

Job number 535508

The requirements for the role:

**The role**

We are currently seeking a Civil Engineer to join our Melbourne office. This is a newly created position and an excellent opportunity for an entry level engineer to take the first step in their career.

You will be part of a dynamic office that values their people. [...]

**Specifically, your duties will include:**

- Providing up to date knowledge of construction methods and their impact on design;
- Delivery of practical and innovative engineering solutions for clients;
- Collaborating across disciplines to deliver a complete solution to a project;
- Ensuring technical work being of the highest standard;

**To be successful you will display:**

- Tertiary qualifications in Civil Engineering;
- Familiarity with the current Australian design codes, including but not limited to AS1170, AS3600, AS3700 and AS4100;
- Willingness to learn new things and to continue to improve yourself professionally;
- Excellent communication skills to liaise with the team, senior management and external stakeholders to produce commercial, client focused outcomes;
- An enthusiasm and drive to contribute to the growth and development of the team.
