**Civil Engineer (entry role) – Fulton Hogan
Melbourne
Job number: 535508**

The 14th of December 2020

Dear Jane,

I am very excited to apply for the Civil Engineer (entry role) at Fulton Hogan, job number 535508, advertised on www.fultonhogan.com.

I have tertiary qualification in Civil Engineering and a deep technical knowledge in civil engineering field. I am able to conduct technical work at the highest standard, based on the current Australian design codes, including but not limited to AS1170, AS3600, AS3700 and AS4100.

I am eager to learn and continuously improve my knowledge and skills. I am committed to deliver practical and innovative engineering solutions for clients and to work collaboratively across disciplines, to deliver a complete solution to a project.

My paid and voluntary work helped me develop excellent communication and teamwork skills, appropriate for the interaction with the team, senior management and external stakeholders to produce client focused outcomes.

I am very interested in this position because it is in my field of knowledge, and it would enable me to work in challenging projects and to contribute to the growth and development of the team.

I trust that I am a great fit for this position, due to my strong knowledge, my interpersonal skills, as well as my passion and dedication.

I am available at anytime and my visa (subclass 485) gives me full-time working rights.

Please feel free to contact me anytime via phone or email to arrange a meeting, to discuss my application further, and to give me the opportunity to provide you with any additional information you may require.

Yours sincerely,
David Smith
